The Films of Mario Lanza is an informative look at the relatively short movie career of one of the greatest voices and personalities of the twentieth century. This publication provides the reader with a wealth of behind the scenes material and a glimpse of the movie making process at its best and sometimes at its worse. The inclusion of over 150 production and casual photos, assorted ephemera as well as recording logs for all the films further enhances the reader's enjoyment and understanding of what was going on in the often very turbulent career of a superbly gifted performer. 132 pages, 8 ½ x 11, soft cover. \$25US per book plus S and H. The following S & H rates apply: UK and Europe: \$17US, Canada and Mexico: \$12US. Western Union transfer (conversion fee paid by purchaser) or US currency wrapped in foil only.
